APPROVED PROVIDER PROGRAM - TERMS & CONDITIONS

1. Purpose

These Terms and Conditions establish the requirements governing participation in the **Water Polo Australia (WPA) Approved Provider Program**.

The Approved Provider Program provides a mechanism for independent organisations delivering water polo **participation** activities to connect their participants with the WPA ecosystem without being required to become a WPA Member Club or affiliate with a WPA State Member.

The Program is intended to:

- recognise water polo participation occurring outside the traditional club structure;
- provide eligible participants with access to applicable WPA insurance arrangements;
- improve WPA's understanding and measurement of water polo participation in Australia;
- provide independent providers with recognition and connection to the national sport organisation; and
- provide participants with an optional pathway into broader water polo participation.

The Program is not intended to create an affiliation, ownership, agency or commercial partnership relationship between WPA and an Approved Provider, unless separately agreed in writing.

2. Definitions

For these Terms and Conditions:

"Approved Provider" means a legal entity, including a company, incorporated association or individual carrying on business as a sole trader, approved by WPA to participate in the Approved Provider Program. References to an organisation or provider include that legal entity.

"Approved Provider Participant" means an individual whose registration in the WPA Individual Non Membership category (Annexure E WPA Membership Policy) has been accepted and recorded by WPA through an Approved Provider. Registration alone does not confer WPA Member Club or State Member membership, voting rights or competition eligibility.

"Program" means the WPA Approved Provider Program.

"WPA" means Water Polo Australia Ltd.

"State Member" means an organisation recognised by WPA as a State or Territory Member.

"WPA Sanctioned Event" means an event, competition, championship or activity formally sanctioned, endorsed or conducted by WPA or a WPA State Member.

"Membership Platform" means the online platform designated by WPA for the administration of participant registration and membership.

"Program Year" means the period specified by WPA for the operation of the Approved Provider Participant registration category.

3. Nature of the Approved Provider Relationship

3.1 Independent relationship

An Approved Provider remains an independent organisation.

Approval under the Program does not:

- make the provider a WPA Member Club;
- make the provider a State Member affiliate;
- create a partnership, joint venture or agency relationship;
- give WPA ownership of the provider's business;
- give WPA ownership of the provider's programs;
- give WPA control over program delivery; or
- give WPA an entitlement to revenue generated by the provider.

3.2 Provider ownership

The Approved Provider retains ownership and control of:

- its programs;
- its intellectual property;
- its brand;
- its customer relationships;
- its pricing;
- its staff and contractors;
- its venues;
- its scheduling; and
- its commercial arrangements.

Nothing in these Terms and Conditions transfers any such rights to WPA.

3.3 No exclusivity

Unless separately agreed in writing, an Approved Provider is not required to operate exclusively with WPA and may participate in other sporting, aquatic or water polo programs.

4. Eligibility to Become an Approved Provider

A legal entity , may apply to become an Approved Provider if it delivers, or intends to deliver, water polo participation activities. The applicant must identify its legal name, any trading name and applicable registration details.

Eligible organisations may include:

- aquatic and leisure facilities;
- swimming schools;
- schools;
- universities;
- councils;

- community organisations;
- private water polo academies;
- independent coaches and operators;
- sporting organisations;
- not-for-profit organisations; and
- commercial organisations.

WPA retains discretion to determine whether an organisation is suitable for approval.

5. Application and Approval

5.1 Application

An organisation seeking Approved Provider status must:

1. complete the application form designated by WPA, including the express acceptance required by clause 32
2. provide accurate organisational information;
3. identify the activities it intends to deliver;
4. nominate an authorised contact;
5. agree to these Terms and Conditions;
6. provide any additional information reasonably requested by WPA.

5.2 Approval

Approval is at WPA's discretion and takes effect only when WPA issues a written Approval Notice and the conditions specified in that notice have been satisfied. The notice must identify the provider's legal entity, approved activities, venues, participant groups, start and end dates, any event-sanctioning conditions, applicable policy documents under Schedule 3, insurance confirmation and any conditions of approval. No approval extends beyond the recorded scope.

WPA may:

- approve an application;
- request further information;
- approve an application subject to conditions;
- decline an application; or
- defer an application pending further assessment.

5.3 Duration

Approved Provider status applies for the fixed period stated in the Approval Notice. The notice must specify both a commencement date and an expiry date. Approval expires on that date unless renewed following a new application, express acceptance of the then-current terms and a further written Approval Notice.

Approval does not automatically renew. The provider must notify WPA before any material change to its activities, venues, legal entity, personnel responsible for safety or other approval information. A change outside the approved scope must not be represented as approved or insured under the Program until WPA confirms the revised scope in writing.

6. Approved Provider Responsibilities

An Approved Provider must:

Administration

- maintain accurate organisation information;
- register eligible participants through the WPA Membership Platform;
- ensure participant information is accurate;
- pay applicable participant fees;
- maintain appropriate records; and
- comply with reasonable WPA administrative requirements.

Program delivery

The provider must:

- deliver programs safely
- Follow the WPA Children and Young People Policy and Sports Integrity Australia Education Requirements
- comply with applicable laws and regulations;
- comply with venue requirements;
- ensure appropriate supervision;
- use appropriately qualified or experienced personnel where required; and
- maintain appropriate emergency procedures.

Participant welfare

The provider must take reasonable steps to protect participants' safety and wellbeing. It must comply with the WPA safeguarding, integrity and conduct policies identified in Schedule 3, ensure relevant personnel receive those policies, complete the required education and hold current checks before commencing relevant duties, and keep evidence of compliance. Personnel and participant acceptance requirements must be completed before Program participation; the provider must not assume that bulk registration alone binds an individual to WPA policies.

This includes compliance with applicable:

- child safeguarding legislation;
- working-with-children requirements;
- health and safety obligations;
- aquatic facility requirements; and

- other applicable regulatory requirements.

7. Participant Registration

7.1 Registration requirement

Before an individual relies on Approved Provider Participant status or associated insurance benefits, the provider must ensure that WPA has accepted and recorded that individual's registration in the Membership Platform for the relevant Program Year. Submission to the provider's own system, a pending upload or payment alone is not confirmation of WPA registration or insurance cover.

Bulk uploads may be made at agreed times only if registration is accepted and recorded by WPA before the participant first relies on Program benefits. Where the provider uses the same platform as WPA, it must still verify successful WPA registration. Registration is not retrospective. Any insurance cover can commence no earlier than the later of the effective provider approval, the participant's accepted WPA registration and the policy commencement time confirmed in writing under clause 8.1, and remains subject to the insurer's requirements.

Participant and personnel acceptance

Before registration or relevant duties begin, the provider must facilitate WPA's separate participant and personnel acceptance process and retain evidence of completion. WPA must provide the applicable terms, policy versions, complaints and disciplinary arrangements, collection notice and separate optional marketing choice in an accessible form. For a minor, the process must obtain parent or guardian acceptance and authority where required, together with age-appropriate participant acknowledgement. No term assumes that a parent can waive a child's non-excludable rights. WPA must confirm the legal basis and scope of any disciplinary jurisdiction before relying on it. Participant-level terms and the personnel undertaking must be legally approved before launch; these provider terms do not substitute for them.

7.2 Registration fee

The per participant registration fee is:

$10 in GST per Approved Provider Participant per Program Year.

WPA may review the participant registration fee for future Program Years, including proposed CPI increases. Any material fee change must be discussed with Approved Providers and notified before renewal. No fee increase applies retrospectively or during an agreed approval period without the provider's express agreement.

Approved Providers will be invoiced for the cost of the participant fee at agreed periods throughout the year.

7.3 Fee purpose

The participant registration fee contributes towards Program administration and implementation through the WPA-endorsed platform and access to applicable insurance arrangements, subject to clause 8. It is not an affiliation fee, an insurance premium paid directly to the insurer, or a guarantee of cover.

8. Insurance

8.1 Applicable coverage

An Approved Provider may be eligible for cover under WPA's Liability insurance arrangements, and registered Approved Provider Participants may be eligible for cover under WPA's Personal Accident

insurance arrangements, only to the extent confirmed by the relevant insurer's policy terms. Before approval becomes effective or any representation of cover is made, WPA must obtain written confirmation identifying eligible independent, non-member and commercial providers and participants, approved activities, venues, insured persons, commencement requirements and applicable limits and exclusions. WPA must make the relevant policy information and confirmed scope available to the provider. Program approval or registration alone does not guarantee cover and cannot extend or override a policy.

For the avoidance of doubt, coverage applies only where all of the following requirements are met:

- the activity is a water polo activity;
- the activity is within the scope of the Approved Provider's participation activities approved by WPA;
- each participant seeking Personal Accident cover is registered as an Approved Provider Participant;
- the Approved Provider and relevant participants comply with the applicable safety and risk management documents identified and supplied under Schedule 3, to the extent required by the relevant policy;
- any tournament, organised competition or social competition has the required written sanction from WPA or a State/Club Member and is expressly within the approved activity scope; the classification and approval process in clause 10 applies; and
- all other policy terms, conditions, exclusions, eligibility requirements, limits and claims procedures are satisfied.

8.2 Exclusions and limitations

WPA's Personal Accident and Liability insurance arrangements cover water polo activities only. An Approved Provider and its participants are not covered under these arrangements for any activity outside water polo. They are also not covered when participating in a tournament or competition that is not sanctioned by WPA or a WPA State Member, or when the tournament, competition or other activity is not part of the Approved Provider's participation activities approved by WPA. Cover will not apply if the applicable WPA safety and risk management standards, policies and procedures are not met and followed. Any activity, participant or provider otherwise excluded by the relevant policy is not covered.

8.3 Provider responsibility

Approved Providers must maintain any insurance required by law and additional insurance appropriate to their operations. Before approval, WPA must specify in the Approval Notice the required public liability limit, risks to be insured and any other required cover, informed by broker advice. The provider must supply current certificates of currency and notify WPA promptly of cancellation, expiry or a material reduction. Any reliance on WPA's Liability arrangements to satisfy a specified requirement requires WPA's written acceptance supported by broker/insurer confirmation of the required scope and limit.

Approval under the Program should not be interpreted as confirmation that WPA's insurance arrangements provide comprehensive insurance for the Approved Provider's business or operations.

8.4 Insurance claims

Any incident or potential claim must be reported to WPA as soon as practicable and within the timeframe specified in the Approval Notice and relevant insurer requirements, whichever is earlier. Approved Providers must preserve relevant records, cooperate with WPA and the insurer, and must

not admit liability or settle a claim on their behalf without authority. The serious-incident obligations in clause 18 also apply.

9. Approved Provider Insurance vs Provider Business Risk

The Approved Provider acknowledges that participant registration through WPA does not transfer operational risk from the provider to WPA.

The provider remains responsible for:

- venue safety;
- equipment;
- employees;
- contractors;
- coaching practices;
- program management;
- participant supervision;
- commercial activities;
- employment obligations;
- tax obligations;
- regulatory compliance; and
- risks not covered under WPA's insurance arrangements.

10. Competition and Event Eligibility

10.1 No automatic competition eligibility

Approved Provider Participant registration does not, by itself, confer eligibility to participate in a WPA Sanctioned Event. Eligibility must be separately confirmed under the rules applicable to that event.

10.2 WPA competitions

An individual wishing to enter a WPA- or State Member-sanctioned competition must meet that competition’s eligibility rules, which may require WPA Member Club and/or State Member registration.

11. Relationship with WPA Member Clubs

The Approved Provider Program is an alternative participation pathway and is not intended to replace the WPA Member Club structure. An Approved Provider is not required to direct participants towards a WPA Member Club. However, participants may choose to transition to a WPA Member Club where they wish to participate in competitive water polo or other activities requiring traditional membership.

12. Data and Information

12.1 Collection

WPA may collect and maintain information reasonably required to administer the Program and understand water polo participation.

This may include:

- participant name;
- date of birth;
- gender;
- location;
- provider;
- activity type;
- registration history;
- participation information;
- relevant consent information; and
- other information reasonably required for administration.

12.2 Purpose

Participant information may be used by WPA for:

- administration;
- insurance;
- participant safety;
- participation reporting;
- statistical analysis;
- government reporting;
- sport development;
- research;
- planning; and
- essential Program communications; optional marketing about WPA activities and opportunities only where separate, valid consent has been recorded and applicable law permits it.

WPA will manage personal information in accordance with applicable privacy laws and its privacy policies.

12.3 Provider information

WPA may use aggregated and de-identified Approved Provider participation data for reporting and strategic purposes.

This may include reporting:

- total participation;
- geographic participation;
- age demographics;

- participation trends; and
- growth in alternative participation pathways.

WPA will not publicly disclose commercially sensitive provider information unless authorised or required by law.

13. Participation Reporting

Approved Providers agree to provide WPA with reasonable information required to measure participation.

The primary purpose of this information is to allow WPA to develop a more accurate understanding of the size and reach of Australian water polo.

Participation information may be used to support:

- government funding applications;
- participation strategies;
- strategic planning;
- research;
- facility planning;
- program development; and
- reporting to WPA stakeholders.

14. Use of WPA Name and Branding

14.1 Approved use

Approved Providers may use the designation:

WPA Approved Provider

and approved WPA branding provided by WPA.

14.2 Brand requirements

The provider must comply with WPA brand guidelines.

14.3 Restrictions

The provider must not:

- represent itself as a WPA Member Club;
- represent itself as a State Member;
- imply that WPA owns or operates its business;
- alter WPA branding without approval; or
- use WPA branding in a manner that may damage WPA's reputation.

WPA may withdraw permission to use its branding where these requirements are breached.

15. Marketing and Communications

Approved Providers may communicate their Approved Provider status to participants and the public.

Any approved description should make clear that:

The organisation is an independent water polo provider recognised through the WPA Approved Provider Program.

Approved Providers must not make representations suggesting that WPA:

- operates the provider's program;
- guarantees the quality of every service provided;
- owns the provider;
- guarantees participant outcomes; or
- provides insurance beyond the applicable policy coverage.

16. Program Standards

Compliance with the minimum standards and WPA policy documents identified in Schedule 3 and supplied with the Approval Notice is a condition of approval. WPA must make those documents accessible before acceptance, including their application to providers, personnel and participants, required education and any complaints or disciplinary procedures.

These may relate to:

- participant safety;
- safeguarding;
- coaching;
- supervision;
- water polo equipment;
- program delivery;
- incident management;
- insurance;
- data management; and
- branding.

WPA may update these standards for a legitimate safety, regulatory, insurance or administrative purpose, subject to clause 29. A reference to an unspecified policy does not by itself identify an incorporated contractual requirement.

Where a change materially affects Approved Providers, WPA will provide reasonable notice.

17. Compliance and Audit

WPA may reasonably request information or evidence to confirm compliance with these Terms and Conditions.

This may include:

- participant records;
- program details;
- insurance documentation;
- safeguarding information;
- provider details;
- incident information; or
- other information relevant to the Program.

WPA will seek to ensure that any audit or information request is proportionate to the purpose for which it is made.

18. Incidents and Serious Matters

An Approved Provider must notify WPA of any serious incident of the following kinds as soon as practicable and in any event within 48 hours after becoming aware of it. Immediate danger or an urgent safeguarding concern must be escalated without delay through the relevant emergency or safeguarding channels. An initial notification may be followed by further information as it becomes available:

- results in serious injury;
- involves a significant safeguarding concern;
- results in a reportable incident under applicable legislation;
- may result in a significant insurance claim; or
- may reasonably create a significant reputational or legal risk for WPA.

Notification does not remove the provider's obligation to notify emergency services, regulators, insurers or other relevant authorities.

19. Suspension or Withdrawal of Approval

WPA may suspend or withdraw Approved Provider status where an Approved Provider:

- materially breaches these Terms and Conditions;
- provides false or misleading information;
- fails to pay applicable fees;
- misuses WPA branding;
- fails to meet safeguarding requirements;
- operates in a manner that creates significant risk to participants;
- engages in serious misconduct;
- breaches applicable law; or
- otherwise acts in a manner materially inconsistent with the purpose of the Program.

Where appropriate, WPA may provide the provider with an opportunity to respond before approval is withdrawn.

Immediate suspension may occur where WPA reasonably considers that immediate action is necessary to protect participants, WPA or the integrity of the sport.

20. Consequences of Withdrawal

If Approved Provider status is withdrawn:

- the provider must cease representing itself as a WPA Approved Provider;
- use of WPA branding must cease;
- participant registration through the Program may be cancelled or suspended;
- future registrations may be rejected; and
- any outstanding financial obligations remain payable.

Withdrawal does not remove obligations arising from events or activities that occurred while approval was active.

21. Fees and Payment

Approved Providers are responsible for payment of participant registration fees in accordance with WPA's payment arrangements.

The participant registration fee is payable only once per participant per Program Year, even if the participant joins multiple Approved Provider programs. Where WPA verifies a current registration with a WPA State Member, WPA Member Club or another Approved Provider program for that Program Year, the provider will not be charged that fee again. The participant must still be identified and recorded in every Approved Provider program in which they participate. A fee exemption does not establish that a particular activity is approved or insured.

WPA may:

- require payment at registration;
- invoice providers;
- suspend registrations where accounts remain unpaid; or
- recover reasonable outstanding amounts.

Any applicable transaction, administration or other charges will be communicated to providers before implementation.

22. Refunds

Participant registration fees are generally non-refundable once registration and applicable insurance coverage have commenced, except where:

- required by law;
- WPA determines a refund is appropriate;
- the participant was incorrectly registered; or
- another refund circumstance specified by WPA applies.

WPA may publish a separate refund policy.

23. No Revenue Share

Unless separately agreed in writing:

WPA does not receive a percentage of revenue generated by an Approved Provider's program.

The Approved Provider retains responsibility for its commercial and financial operations.

The $10 participant registration fee is not a percentage or commission on provider revenue. Its purpose and applicable conditions are described in clauses 7 and 8.

24. Intellectual Property

The Approved Provider retains ownership of its intellectual property.

WPA retains ownership of:

- WPA trademarks;
- WPA logos;
- WPA program materials;
- WPA systems;
- WPA intellectual property; and
- materials specifically created and owned by WPA.

Neither party obtains ownership of the other's intellectual property merely through participation in the Program.

25. Confidentiality

Approved Providers must treat confidential information provided by WPA as confidential and must not disclose it except:

- with WPA's permission;
- where required by law; or
- where reasonably necessary to administer the Program.

This does not prevent a provider from using information that is already publicly available or independently developed.

26. Privacy

WPA and Approved Providers must each meet their own privacy obligations; neither party transfers those obligations to the other. Before participant data is provided to WPA, the provider must give the participant, and their parent or guardian where appropriate, WPA’s current collection notice and its own notice, and record any necessary authority and consent. WPA must ensure its notice explains its identity and contact details, collection through the provider, information collected, purposes, usual recipients, consequences of not providing information, access and correction, complaints and any relevant overseas disclosures. WPA must supply approved wording and accessible privacy information before data collection begins. Optional marketing consent must be separate from

registration, voluntary and recorded; refusing or withdrawing it must not prevent Program registration. WPA must manage consent and unsubscribe requests and comply with applicable privacy and electronic marketing requirements. Communications to children must be age-appropriate and consent arrangements must account for capacity and parental or guardian authority.

27. Limitation of Relationship

Participation in the Program does not mean that WPA:

- supervises the provider;
- employs the provider's staff;
- controls the provider's programs;
- guarantees program quality;
- guarantees commercial success;
- assumes responsibility for the provider's operations; or
- accepts responsibility for matters outside the scope of WPA's contractual and insurance obligations.

28. Compliance with Law

The Approved Provider must comply with all applicable Australian laws and regulations relevant to its activities.

This includes, where applicable:

- work health and safety;
- child safeguarding;
- discrimination;
- privacy;
- employment;
- aquatic facility;
- consumer protection;
- taxation; and
- other applicable requirements.

29. Changes to the Program

WPA may amend the Program from time to time.

Changes may relate to:

- fees;
- registration processes;
- insurance requirements;
- minimum standards;

- branding;
- reporting;
- participant categories; or
- administrative procedures.

WPA must give reasonable written notice of material changes, explain the reason and effect, and provide the revised documents. Changes do not apply retrospectively. A provider may withdraw before a materially adverse change takes effect without a withdrawal penalty, with accrued fees and refund rights addressed under these terms. Urgent changes necessary for safety, law or insurer requirements may apply sooner, but WPA must notify providers promptly, explain the reason and allow withdrawal. No change expands insurance cover beyond the policy or removes non-excludable rights.

30. Dispute Resolution

Where a dispute arises between WPA and an Approved Provider regarding these Terms and Conditions, the parties should first seek to resolve the matter through good-faith discussion. If the matter cannot be resolved, either party may request escalation to an appropriately senior representative of the relevant organisation. Nothing in this clause prevents either party from taking urgent action where required to protect participant safety, comply with law or protect legal rights.

31. No Guarantee of Future Participation

Approval does not guarantee that:

- WPA will continue the Program indefinitely;
- the $10 fee will remain unchanged;
- insurance arrangements will remain unchanged;
- a provider will remain approved; or
- participants will become eligible for other WPA programs.

WPA will seek to provide reasonable notice of material changes where practicable.

32. Acceptance of Terms

An authorised representative must expressly accept these Terms and Conditions on application and each renewal, by signed or recorded online acceptance identifying the legal entity, representative's name and authority, date and accepted document version. WPA must retain and provide a copy of that record. The agreement comprises the accepted Terms and Conditions, completed Approval Notice and policy register in Schedule 3; it commences when WPA issues the Approval Notice after acceptance and all pre-commencement conditions are met. Continued operation alone is not acceptance. By express acceptance, the provider acknowledges that it:

1. has read and understood these Terms and Conditions;
2. agrees to comply with them;
3. understands that it remains an independent organisation;
4. understands that Approved Provider status is not club or State Member affiliation;

5. understands that Approved Provider Participants are not automatically eligible for WPA-sanctioned competitions;
6. understands the limitations of WPA insurance coverage; and
7. accepts responsibility for its own program operations.

33. Provider Withdrawal and Notices

An Approved Provider may withdraw from the Program by giving WPA 30 days' written notice, or sooner by agreement. It may withdraw before a material adverse change takes effect without a withdrawal penalty. Accrued fees remain payable, subject to applicable refund rights. WPA must confirm the effective withdrawal date and explain the consequences for participant records and any prospective insurance cover; neither party may represent cover as continuing without insurer confirmation. The consequences in clause 20 apply, with necessary changes, to voluntary withdrawal and expiry.

The Approval Notice must record a monitored notice email address for each party, the operational and urgent incident contacts, invoice due dates and the approved GST treatment. Notices must identify the provider and the matter concerned and be sent to the recorded address or a replacement notified in writing. A notice takes effect when receipt is acknowledged or otherwise demonstrably received; an automated delivery failure is not receipt. Urgent safety notifications must also use the urgent contact channel and must not be delayed while awaiting email acknowledgement.

34. Responsibility, Indemnity and Protected Rights

To the extent permitted by law, the provider indemnifies WPA against reasonable loss and third-party claims to the extent caused by the provider's negligent or unlawful acts or omissions, or material breach of this agreement, including those of personnel acting on its behalf. The indemnity is reduced to the extent WPA or another party caused or contributed to the loss. WPA must take reasonable steps to mitigate loss, notify the provider promptly of a claim and allow reasonable participation in its defence. No settlement imposing liability on the provider may be agreed without its consent, not to be unreasonably withheld.

Neither party is liable under this agreement for remote or unforeseeable loss. No term excludes liability for fraud, wilful misconduct, or any liability or right that cannot lawfully be excluded or limited. Nothing releases WPA from its own negligence or removes a participant's rights. No blanket participant release or unapproved monetary liability cap is created by these terms. Any additional release or liability limitation requires separate legal approval before inclusion.

35. Governing Law and Contract Administration

These Terms and Conditions and the completed Approval Notice govern the provider relationship. The notice records provider-specific particulars and cannot expand insurance cover. Any inconsistency affecting cover must be referred to WPA and the insurer before reliance. Variations must be recorded in writing in accordance with clause 29. An invalid provision is severed only to the extent necessary, without affecting the remaining terms. Accrued payment obligations, confidentiality, privacy, intellectual property and responsibility for acts during the approval period survive expiry or withdrawal to the extent applicable.

Schedule 1 – Approved Provider Eligibility Checklist

An Approved Provider must satisfy the following minimum requirements:

Requirement	Mandatory
Completed WPA application	Yes
Responsible person nominated	Yes
Program/activity identified	Yes
Agreement to Terms & Conditions	Yes
Participant registration through WPA platform	Yes
Payment of participant registration fee	Yes
Applicable safeguarding requirements	Yes
Applicable insurance requirements	Yes
Compliance with relevant laws	Yes
Accurate participant records	Yes
Compliance with WPA branding	Yes
Compliance with program standards	Yes
Written Approval Notice and fixed approval period	Yes
Applicable documents and acceptance records under Schedule 3	Yes
Written insurance confirmation and required own-insurance evidence	Yes
Participant and personnel acceptance, checks and education	Yes
Registration completed before reliance on Program benefits	Yes
Collection notice and separate optional marketing consent process	Yes

Schedule 2 – Approved Provider Participant

Registration

Category: Approved Provider Participant
Fee: $10 incl GST per participant per Program Year

Included

- WPA registration;
- recognition as a water polo participant;
- association with an approved provider;
- Limited access to the WPA Learning Centre
- access to applicable WPA Personal Accident insurance arrangements for registered participants in approved water polo activities only, subject to written insurance confirmation,

policy terms and clause 8; any Liability cover for the provider is separate and is not promised as a participant benefit;

- participation data captured within the WPA ecosystem; and
- access to any additional benefits specifically confirmed by WPA in writing, including any limited WPA Learning Centre access specified in the Approval Notice.

Not Included

Approved Provider Participant status does not automatically provide:

- WPA competition eligibility;
- State Member competition eligibility;
- WPA Member Club membership;
- State Member membership;
- representative team eligibility;
- voting rights; or
- any other rights associated with traditional WPA membership.
